CATALOGUE OF DOCUMENTATION PRODUCTS AND SERVICES

Dear Fellow Citroën Enthusiast,

The historic Archives service of the CITROËN Conservatoire is proud and pleased to be able to send to you our catalogue of documentation products and services.

We are working all the time to preserve, classify, organise and make available the historic records of our Marque.

We are endeavouring as well to respond to your requests for more information. In addition, we would like to keep you informed about the different services that we have put together to meet your needs.

Here are the different products which we have available:

- The document compilations of our new collection by model and theme, which has been enriched
- The services related to the identification of CITROËN vehicles
- Our new prestige product, the Coffret Légende

We are here to help you, so feel free to contact us for more information.

Yours Sincerely
Catherine JEANNIN
Documents and Archives

DOCUMENTARY RESEARCH CITROËN document files

You are looking for documents or information on CITROËN models to restore them or for historic interest.

After major work, we have put together, for you, some document files:

- By gathering them together from archives
- By selection
- By scanning into page format

**The task of
documentation**

You will receive a very attractive coloured file containing more than a hundred pages from the CITROËN product archives, selected from:

- Copies of sales brochures, price lists and advertising
- Notices from the Dept. of Mines, Application notes and articles from internal CITROËN publications

**The authentic
documents**

Price : from 30 euros

We intend to build up this collection, which began in 2009, with other models and with the major themes running through CITROËN history. As of today, we have the C3 5HP, the Type A, the B2, B10 and B12, the 2 CV 4x4 Sahara...

New ! : the C4, the C6, the C4 and C6 trucks, the Rosalie 8 cv, 10 cv and 15 cv , the Citroën Cruises, the Kégresse cars...

**A collection
by subject which
has been
enriched**

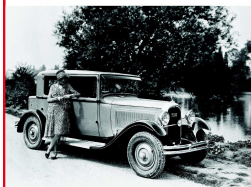

CITROËN C3 5HP (1922-1926)
Les Dossiers documentaires du Conservatoire CITROËN

Les Dossiers documentaires du Conservatoire CITROËN

VEHICLE IDENTIFICATION

The Certificate of Conformity (Mines)

You need a certificate of conformity for your CITROËN vehicle that predates 1991 for reasons such as:

- o Getting rid of omissions indicated on the registration documents
- o Correcting errors on the registration documents such as vehicle type, fuel, weight etc
- o Exporting your historic vehicle overseas if made before the European conformity (before 1996)

This administrative document reproduces the data on the standard description notice for the model from the Mines, without reference to the vehicle serial number.

Documents to provide:

- o A copy of the registration document and all administrative documents that prove the existence and ownership of the vehicle
- o The copy of a roadworthy certificate if necessary
- o The payment of 20 Euros per vehicle for the costs incurred to be paid by French bank cheque or wired transfer in favour of "Automobiles CITROËN"

You will receive:

- o An official certificate from the Manufacturer which contains the data from the descriptive notice from the Mines
- o A copy of the above

**Price : €20 Inc Tax
for each vehicle
researched**

NOTE: This document is written for owners living outside France. Within France, until recently the type approval or certificate of conformity for a vehicle was provided by the Government's Department of Mines (referred to as the 'Mines'). Approval for the use of a vehicle on the public roads was provided by local Prefecture in the form of a 'carte grise' or registration document. This document contains the key identity information from the model type approval and the manufacturer's serial number, generating a unique identity for the vehicle and creating the registration or immatriculation number. Vehicles that have been bought and sold in different Departments will have changed 'carte grise' at each transaction. A carte grise is not in itself proof of ownership. Your local administration will advise on which documents are needed to facilitate importation and subsequent registration.

VEHICLE IDENTIFICATION

The certification of the date of manufacture of an older car

You need to know more about the identity of your CITROËN vehicle made before 1991 for reasons such as:

- o Verification of the various identity marks
- o And features of your vehicle (chassis, body, coachwork, motor),
the original body, the number of seats
- o To correct errors between the identity plates and the registration documents
- o To find the exact date of sale for administration purposes or for historic record or
- o To obtain a historic vehicle registration

This research is done on a case by case basis from the numbers that you give us.
